

FOLIA MEDICA CASSOVIENSIA

UNIVERSITAS ŠAFARIKIANA

Tomus 70, No. 1, Suppl. 1, 2015

ISMCK 2015

7th International Student
Medical Congress in Košice
24th – 26th of June 2015

Abstract book

Sponsors of Abstract book

FOLIA MEDICA CASSOVIENSIA

Časopis FOLIA MEDICA CASSOVIENSIA publikuje pôvodné vedecké práce, prehľadné referáty, kazuistiky, výskumné správy z oblasti základného, aplikovaného a klinického výskumu v odboroch humánnej medicíny a príbuzných vied. Uverejňuje tiež abstrakty z vedeckých a odborných podujatí spoluorganizovaných UPJŠ LF.

Pokyny pre autorov: <http://www.lf.upjs.sk/foliamedica>

**Predseda
redakčnej rady**

Doc. MUDr. Roman BEŇAČKA, CSc., mim. prof.

Vedecký redaktor

Doc. MUDr. Jozef FIRMENT, CSc.

Redakčná rada

Prof. MUDr. Andrej BŔŔR, CSc.
Prof. MUDr. Zuzana GDOVINOVÁ, CSc.
Prof. Ing. Juraj GUZY, CSc.
Prof. MUDr. Ján JAKUŠ, DrSc.
Prof. MUDr. Pavol JARČUŠKA, CSc.
Prof. MUDr. Ján MOJŽIŠ, DrSc.
Doc. RNDr. Ján SABO, CSc., mim. prof.
Dr.h.c. prof. MUDr. Leonard SIEGFRIED, CSc.

FOLIA MEDICA CASSOVIENSIA

Odborný časopis pre lekárske, farmaceutické a biologické vedy

Ročník 70, Číslo 1/2015, Supplementum 1
ISBN 978-80-8152-249-9

Vydáva Univerzita Pavla Jozefa Šafárika,
Lekárska fakulta,
Tr. SNP 1, 040 11 Košice
e-mail: tajomnik@lf.upjs.sk
<http://www.medic.upjs.sk>

Vychádza 2x ročne.
Časopis je registrovaný na MK SR
pod č.: EV 3564/09.

Rukopisy a objednávky na adrese:

Basic Science

78

Experimental fibrosarcoma in the hamster induced by inoculation of cell culture BHK-21/C13 as a model for testing the potential anti-tumor effect of mebendazole
104

Comparative evaluation of a multiple- antigen based diagnostic protocol versus Polymerase Chain Reaction assays for Rapid and Efficient diagnosis of childhood tuberculous meningitis
109

Mathematical methods for studying of superior vesical artery in newborn
115

Anticancer activity of selenoester derivatives
144

Compensatory-adaptive peculiarities of vascular tunic of the rat eyeball under the effect of opioid
149

REPARATIVE PROCESSES OF THE SKIN UNDER INFLUENCE OF OPIOID IN EXPERIMENT
153

X-RAY PARAMETERS OF THE LUMBAR SPINE IN POSTNATAL ONTOGENESIS
159

CAN ADDITIONAL PROBIOTICS ADMINISTRATION AFFECT ON INSULIN RESISTANCE IN TYPE 2 DIABETES PATIENTS
161

TPO concentrations and chosen morphological parameters of the platelets (PLT, MPV) in multiple myeloma patients
162

Evaluation of concentrations of IL-6 and its soluble receptor (sIL-6R) in multiple myeloma
163

Thrombopoietin (TPO) concentrations in type 2 diabetes mellitus patients depending on the glycosylated hemoglobin (HbA1C) – a preliminary results
164

sP-selectin as a marker of platelet activation in type 2 diabetes mellitus patients
175

Analysis of the association of T2255C polymorphism of vitamin K-epoxide reductase gene and acute coronary syndrome in individuals with normal and high blood pressure
183

Brain level of neuroactive amino acids after treatment with mephedrone
189

Advia 2120i analyzer defined normal range of bone marrow cellularity in pediatric patients
198

Toxicity, hepatoprotective and antiulcer study of Artemisia extracts.
199

Investigation interactions between RAR and RXR nuclear receptors using modern biophysical methods
206

The effect of magnesium sulfate on the isolated renal and mesenteric arteries of rats

217

Immobilization of Escherichia coli whole-cell 4-oxalocrotonate (4-OT) biocatalyst for improved biotransformation process

219

Study on Epididymal tissue and testosterone changes after unilateral and bilateral experimental cryptorchidism on male rats

253

Nociceptive flexion reflex as a tool to objectivize the pain

255

Behavioral response to immunologic reaction

258

Biosimillars, biologic, synthetic, generics - what is what?

260

Electrotherapy yesterday and today

267

Threshold of spreading depolarization elicitation is altered by brain maturation and ischemia

278

Lipasin – able to help diabetic patients or trigger diabetic dyslipidemia?

279

O-GlcNAcylation and glycation of proteins in experimental myocardial ischemia in rats

285

Beneficial effects of H₂S-releasing NSAIDs in gastric mucosa of rats under stress conditions

298

Diabetes and betatrophin, which means sweet disease with bitter end

305

DIFFERENCES IN THE OXIDATIVE STATUS OF THE DUODENUM AND ILEUM IN THE PHYSIOLOGICAL CONDITIONS AND AFTER THE APPLICATION OF HOMOCYSTEINE

308

Vitamin D3 in fight with neoplasm

311

Novel laser-Doppler blood flow imaging technique for long-term longitudinal follow-up of functional nerve regeneration in the denervated rat skin

312

Novel laser-Doppler blood flow imaging technique for long-term longitudinal follow-up of functional nerve regeneration in the denervated rat skin

333

THE EFFECTS OF MAGNESIUM SULFATE (MgSO₄) ON THE CONTRACTILE ACTIVITY OF ISOLATED NON-PREGNANT UTERUS OF RATS

338

Blood oxygen saturation after heat stress in healthy males

341

Motor function of stomach and gut in rats with experimental obesity caused by monosodium glutamate

370

Histomorphological disturbances in the liver of rats with cholestasis and their correction by «taucin»

386

Association of BsmI gene polymorphism of VDR gene with susceptibility to Multiple Sclerosis

390

Histological study on Monosodium glutamate effects on male adult rat testis

394

TOLL - LIKE RECEPTORS SIGNALING PATHWAYS USING MYD88

395

Response of proinflammatory cytokines on physical activity in athletes and non-athletes: relations with body composition

396

Glutathione S-transferase O2 and oxidative damage among haemodialysis patients

402

PHENOTYPES OF THE TRPV1-POSITIVE AND TRPV1-NEGATIVE VAGAL AFFERENT NEURONS INNERVATING THE STOMACH

404

The role of deletional polymorphisms in patients with renal cell carcinoma

412

Using a modification of the method to assess the physiological status of peripheral blood neutrophils in vitro

602

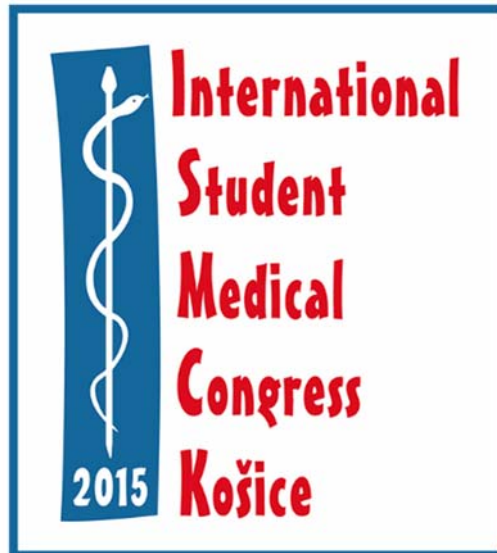

Cardiovascular and metabolic risk of metabolic syndrome in a group of young people and its impact on their socio-economic status

603

Atherogenic index of plasma in a group of Pavol Jozef Šafárik University students

604

Effect of potentiated probiotics on fatty acid composition, enzymatic activity and growth in weaning piglets

Public Health

92

Factors minimizing patients' fear before dental treatment

176

Measurement and improvement of balance and coordination in the children with autism spectrum disorders

213

Unsafe practice of NSAID prescription by physicians that might lead toward medication error is prevalent among geriatric population with cardiovascular comorbidity in Surabaya, Indonesia

215

EPIDEMIOLOGICAL CHARACTERISTIC OF TUBERCULOSIS IN RURAL DISTRICT OF LVIV REGION DURING 2010-2014 YEARS

233

Role of physiotherapist in sport climbing

249

Epidemiology of Parkinson's disease in Bukovynian Region of Ukraine

281

Neuropathological changes in rats following long term cholesterol and aluminium rich diet

283

How does age of parents influence on attitude to vaccination in children?

286

Waterpipe passive smokers' exposure to carcinogenic polycyclic aromatic hydrocarbons

288

Waterpipe as a source of exposure to carbon monoxide

290

Knowledge and attitudes of the clerical staff towards physical activity and screening in the colorectal cancer prevention aspect

291

Athletic body perception

299

Causes, consequences and available treatments of Ebola virus.

302

THE CONNECTION BETWEEN THE HEALTHCARE AND THE INTERNET

315

Midwife-led model of care in Poland

319

Functional analysis of the spine in young fencers by using Spinal Mouse

327

The prevention of experimental obesity by Multiprobiotic therapy

329

The current state of cancer incidence and mortality in Ukraine and Australia

360

Over-the-counter drugs used in children aged ten to twelve living in eastern Poland

362

Use of smartphone health apps in Polish medical students

363

EVALUATION OF INFORMING OF THE PATIENTS ABOUT THE TREATMENT OF MDR - TUBERCULOSIS

375

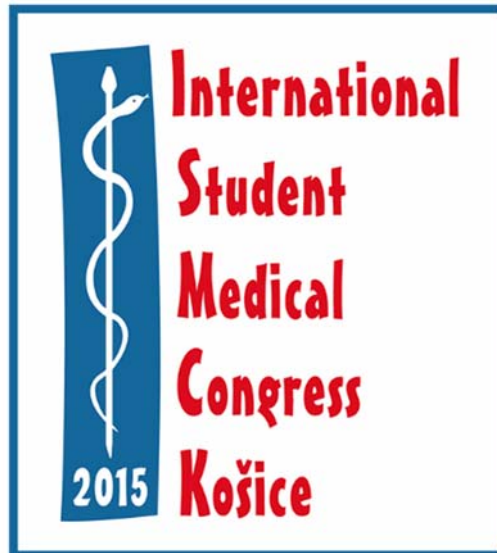

The investigation of the specific exercises based on a system of Hatha Yoga for patient with chronic obstructive pulmonary disease

381

Analysis of selected behaviors related to the control of muscle mass in men who exercise in the gym

414

World Health Organization's long-term programs

Clinical Medicine – Surgery

71

Carotid artery plaque modification during carotid stenting assessed by near-infrared spectroscopy and intravascular ultrasound

123

Comparison of the risk of glaucoma following Penetrating Keratoplasty and Descemet Stripping Automated Endothelial Keratoplasty in eyes operated for bullous keratopathy or Fuchs' dystrophy indication

124

Laryngeal replacement with an artificial larynx after total laryngectomy: The possibility of restoring larynx functionality in the future

147

COMPLEX PREVENTION OF SEPTIC COMPLICATIONS AND ADHESIVE PROCESS AFTER URGENT GYNAECOLOGIC OPERATIONS

212

PERINATAL OUTCOMES POSTTERM PREGNANCY DEPENDING ON THE METHOD OF DELIVERY

218

Indicators for massive blood component transfusion in severely polytraumatised patients

244

State of the cervix, depending on the severity of cervical intraepithelial neoplasia

273

Invasive cardiac procedures - the coronary sinus access is a help or disturb?

292

Percutaneous endoscopic gastrostomy indications and mortality in Pauls Stradins Clinical University Hospital

303

Features of surgical treatment of splenic injury in patients with HIV and hepatitis C

369

Hybrid surgical techniques in treatment chronic obliterating diseases of arteries of lower limbs

383

Assessment of psychoemotional state and cognitive functions in patients in early postoperative period of aorto-coronary bypass graft

392

Postoperative pancreatitis in cases of splenectomy

397

Is minimally invasive strategy the best treatment option for femoropopliteal artery region? Case report and literature review.

417

TACTICS OF SURGICAL TREATMENT OF VASCULAR GRAFTS INFECTION

Clinical Medicine – Internal Medicine

62

CT angiographic effect of Intravenous thrombolysis in a case of large vessel acute ischemic stroke

103

Assessment of the distribution of visceral and subcutaneous adipose tissue by ultrasound: correlation with computed tomography as the gold standard

128

Cytokine status in patients with type 2 diabetes and nonalcoholic fatty liver disease

133

MORPHOLOGICAL PECULIARITIES OF PERIPHERAL NERVOUS SYSTEM IN MULTIPLE SCLEROSIS

150

Are BCAT RNA levels altered in the brain samples of patients with Alzheimers disease.

154

Transatlantic differences in the assessment of risk of sudden cardiac death in patients with hypertrophic cardiomyopathy

157

Frequency of hypoglycemia in insulin treated diabetic patients and connection between fear of driving license withdrawal and reporting of severe hypoglycemia to physicians

179

Human orosomuroid in the clinical laboratory

180

AGE DYNAMICS OF MANDIBULAR BODY HEIGHT IN MALE AND FEMALE AT CONDITION OF TOOTH ROW ENTIRETY

181

Transcriptional activity of death receptors system gene of malignant melanoma

186

BCL1 polymorphism of glucocorticoid receptor gene in patients with bronchial asthma and visceral obesity

188

The frequency of hypoglycaemic episodes and the effectiveness of their self-treatment in type 1 diabetes mellitus patients - analysis of continuous glucose monitoring

210

Level of some adipose tissue hormones in patients with diabetes mellitus type 2 with non-alcoholic fatty liver disease

211

Effective treatment methods of the lower pole renal stones. Percutaneous nephrolythotripsy versus extracorporeal shock wave lithotripsy

216

ANTI-GLUTAMATE DRUGS AND CANNABINOIDS AGAINST ALZHEIMER'S DISEASE

222

The Atherogenic Index of Plasma (AIP) elevation in insulin-resistant subjects with normal fasting glucose

234

RANDOMLY SELECTED MULTIPLE SCLEROSIS PATIENTS' DEMOGRAPHICAL AND CLINICAL CHARACTERISTICS AND PROGNOSIS AFFECTING FACTORS

251

Prognostic significance of comorbidity indexes in patients with chronic lymphocytic leukemia

269

Antiplatelet and anticoagulation therapy in patients undergoing electrophysiological device implantation - a preliminary study

272

Cerebral venous thrombosis: a single-center experience

280

Use of statins in diabetic patients – sitting on the horns of dilemma

289

Hypereosinophilic syndrome with Loffler's endocarditis

297

EVALUATION OF IMMUNOMODULATING THERAPY AND NO EVIDENCE OF DISEASE ACTIVITY IN MULTIPLE SCLEROSIS PATIENTS

307

Frequency of hypoglycaemias whilst driving in diabetic patients treated with insulin and their attitude to hypoglycaemia related preventive recommendations

314

Metabolic risk factors in insulin resistant vs. insulin sensitive asthma patients

321

Telomerase enzyme as a molecular marker in Hepatocellular Carcinoma

348

BODY MASS INDEX IN PATIENTS WITH BRONCHIAL ASTMA DEPENDING ON $\beta 2$ - ADRENOCEPTOR Gln27Glu GENE POLYMORPHISM

361

Is it troublesome to establish congenital adrenal hyperplasia (CAH) diagnosis in male infants?

364

Functional expression of p16 in benign, borderline and invasive ovarian tumors

371

Impact of diabetes mellitus and overweight on prevalence of structural changes of the large intestine wall

372

Pneumatization degree of the anterior clinoid process - sinus CT study

385

No change in the prevalence and in the clinical pattern of acral-lentiginous melanoma during the past 37 years: a retrospective review of 154 cases

391

Recognition and treatment of Neuronal intestinal dysplasia

410

GENE MUTATION SPINAL MUSCULAR ATROPHY

411

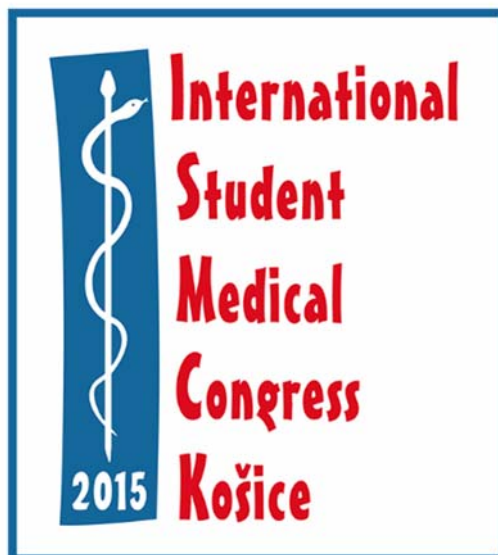

Multiple endocrine neoplasia

413

CLINICAL CASE COMBINATION OF DISEASE MADELUNG WITH GIPERGOMOTSISTINURIEY

416

Clinical case definition of combination of autism with congenital malformations of the heart, kidneys and liver

Clinical Medicine – Pediatrics

90

Characterization of children hospitalized for suspicion of pneumonia

113

ACUTE VIRAL GASTROENTERITIS IN INFANTS IN UKRAINE

151

Encephalitis and meningoencephalitis in children in Lviv, Ukraine

225

Infectious agents as a possible trigger factors in the development of juvenile idiopathic arthritis

265

Early Markers of Renal Tubular Damage in Children With Type 1 Diabetes

354

Endothelial dysfunction in children with Henoch-Schönlein purpura

356

Endothelial dysfunction as a marker of the bronchial asthma severity in children

365

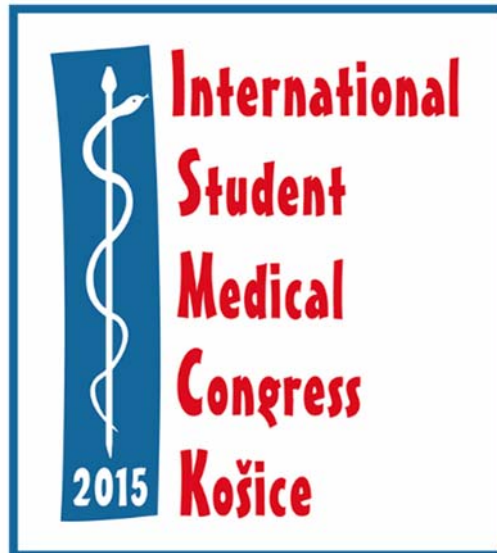

Features of flow of syndrome of autonomic dysfunction for children

401

Changes in admission rates, treatment, length of hospital stay and frequency of complications in children hospitalized to Children's Clinical University Hospital (Riga, Latvia) between 2003 and 2014, after introduction of chickenpox vaccination into the Latvian National Immunization Calendar

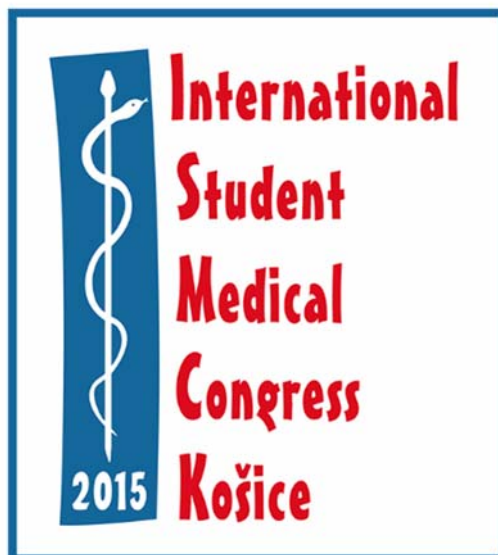

415

A case of idiopathic hemochromatosis in a child

Dentistry

89	Relationship between patients' sex and dentophobia
91	Conventional radiography. Dental filling pixel brightness.
117	Mouth Protectors Manufacturing Method from Material «BOXIL-EXTRA»
139	An alternative way to increase the efficiency of endodontic treatment on the stages of root canal irrigation; preliminary study in vitro
143	Preliminary study (in vitro) of the efficiency of the technique of vertical obturation warm gutta-percha for root canals system.
220	Different types of prognathic occlusion
246	Comprehensive approach in treating of orthodontic pathology in children with thyroid disease
316	Cooperation between physicians of different specialties in patients with orthodontic pathology
330	Age estimation by dental status: possibilities of improvement
388	Treatment of teeth at patients with the fast-progressing periodontitis

PhD Research Papers – Clinical

141

SPECIFIC INDICATORS OF DIFFUSION WEIGHTED MAGNETIC RESONANCE IMAGING IN CHILD CEREBRAL PALSY WITH SYMPTOMATIC EPILEPSY

155

Selenium, zinc and copper and their correlation with immune functions and oxidative stress in children after laparotomies

196

Clinical and molecular characterization of a patient with de novo 2.8 Mb deletion of 17q24.2-q24.3

235

Acute Stenotic Laryngotracheitis in Children Hospitalized at Lviv Regional Infectious Diseases Hospital in 2013 year

237

Evaluation the risk of 25(OH) vitamin D3 deficiency among elderly men

243

Orthorexia nervosa among students

247

Hepatorenal ratio as a simple and noninvasive tool in the diagnosis of liver steatosis in children

268

Comparison of the quality of life in patients with pilonidal sinus disease treated with portable NPWT and standard wound dressing after surgical excision

270

Clinical characteristics of 9 patients with thyroid ectopy

271

The applicability of Negative Wound Pressure Therapy in the treatment of complicated wounds after amputation of lower extremities in patients undergoing surgery due to critical limb ischemia

284

Qualitative research on parental mentalization style in parents of children aged 6-12 with difficulties in psychosocial functioning

301

Multifocal atherosclerosis in type 2 diabetes mellitus

313

HDL subpopulations in patients with newly-diagnosed peripheral artery disease

320

Drowning-related fatalities during a 5-year period (2008-2012) in South-West Hungary

331

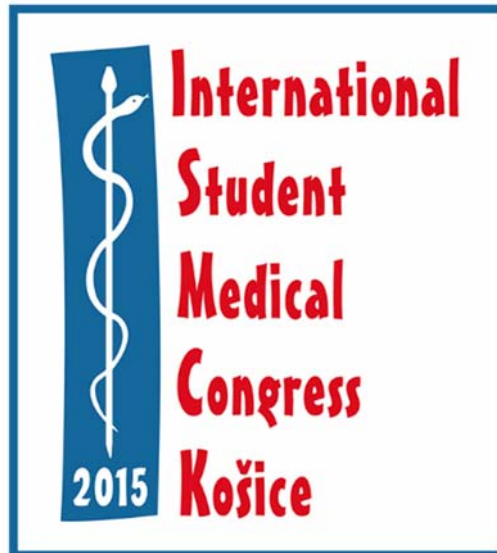

Arterial stiffness and cardiometabolic risk factors in obese adolescents

419

Postoperative complications after cesarean section

600

Effect of cord blood stem cell transplantation on the signs of heart failure and effectiveness of conservative treatment of heart failure in patients with reduced myocardial contractility

PhD Research Papers – Theoretical

137

The primary microglia culture

160

Effect of hypoxia on neuronal cells energy metabolism

174

Association of K121Q polymorphism ectonucleotide pyrophosphatase/phosphodiesterase 1 (ENPPI) gene with type 2 diabetes mellitus in persons of different sexes in Ukrainian population

195

The effect of organic vanadium compounds on blood platelet function is glucose concentration-dependent

207

Study of blood and tissue of patients with cardiovascular disease by fluorescence technique

221

Identification of an inherited splicing SCN8A mutation in a family with intellectual disability, autism, ataxia and seizures by whole exome sequencing

241

25 OH vitamin D3 concentration in Hashimoto thyroiditis and without thyroid dysfunction in endocrine patients.

242

Usefulness of BAI (Body Adiposity Index) in compared to BMI (Body Mass Index) among women with Hashimoto thyroiditis and without thyroid dysfunction.

257

Myeloperoxidase deficiency attenuates the cell death of neutrophils induced by oxidative burst

296

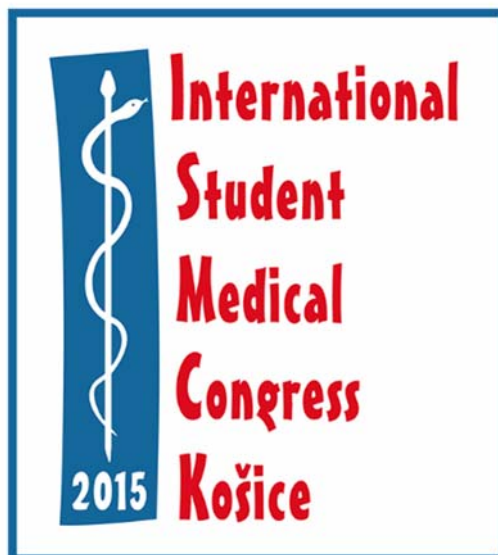

Radiation mapping of forested areas in Kazan

398

Changing the expression profile of genes associated with inflammation of the colon adenocarcinoma cells treated with betulin and its acetylenic derivatives

601

DO OBSERVATIONAL STUDIES MAY BE RELIABLE?

Poster

- 61
Clinical manifestations and influence factors of ocular ischemic syndrome
- 85
Rehydration Effect of Siwalan: Treasure for Footballers from Tropical Land
- 88
Attitude of the doctors to combined pharmacotherapy of hypertension in west Belarus
- 100
Precision techniques of intestinal anastomoses formation in colorectal surgery. Results of application.
- 105
To study the correlation between abnormalities in lipid profile and severity and disease activity in Rheumatoid Arthritis
- 106
C-REACTIVE PROTEIN IN PATIENTS WITH TYPE 2 DIABETES MELLITUS
- 130
The determination of tissue hypoxia factors in young patients with spondylogenic vertebrobasilar insufficiency
- 135
The Measurement of Heart Rate Variability in Assessment of the Autonomic Provision in Young Patients with Vertebrobasilar Insufficiency
- 136
Comparative characteristics of the epidemiological situation of HIV \ AIDS in two administrative districts of large industrial center
- 140
Reaction of heart rate variability parameters in the acute pharmacological test with ivabradine in healthy volunteers
- 142
The causes and spectrum of liver diseases in HIV- infected patients in Regional AIDS Centre, Dnepropetrovsk, Ukraine
- 148
Dexamethasone vs Metoclopramide in prevention of postoperative nausea and vomiting
- 152
Intracoronary near-infrared spectroscopy and intravascular ultrasound - a novel method for the assesment of a vulnerable atherosclerotic plaque
- 156
Measles in pregnant women
- 158
Evaluation of postoperative pain in patients after inguinal hernia surgery treated with different analgesics
- 166
Currenttreatmentguidelines for inguinal hernia
- 167
The variants of lesser saphenous vein termination and their clinical significance
- 168
PECULIARITIES OF LUNGS TOPOGRAPHY OF THE PERSONS WITH DIFFERENT CONSTITUTIONAL TYPES
- 169
Thoracic outlet syndrome

170

Antioxidant activity of plants used in the Transylvanian ethnomedicine

173

THE ROLE OF DENTISTS IN DETECTING MEASLES IN PATIENTS

177

PECULIARITIES OF LINEAL SIZES CORRELATION OF THE STRUCTURAL COMPONENTS OF CERVICAL PART OF THE COLUMN IN THE PEOPLE OF JUVENILE AGE

182

REPARATIVE PROCESSES COURSE OF THE OSSEOUS TISSUES ON THE BACKGROUND OF THE PATHOLOGY AND MEDICAL DEPENDENCE.

185

TREATMENT OF ARTERIAL HYPERTENSION IN PATIENTES WITH PROTEINURIA

187

Incidence of May-Thurner syndrome and its role in pathogenesis of veinous disorders of left lower extremity and pelvis

191

CORRELATIONS BETWEEN DIFFERENT CRANIAL PARTS AND THEIR DEPENDENCE ON GENDER AND CONSTITUTIONAL PECULIARITIES

201

CLINICAL FEATURES OF ATRIOVENTRICULAR CANAL DEFECT IN CHILDREN BORN IN LVIV REGION, UKRAINE IN THE PERIOD FROM 2010 TO 2014 YY

202

CLINICAL AND IMMUNOLOGICAL FEATURES OF COURSE OF MYASTHENIA GRAVIS DEPENDING ON STRUCTURAL CHANGES IN THYMUS

203

Analysis of the association of T2255C polymorphism of the vitamin K epoxidoreductase gene with atherothrombotic ischemic stroke in patients with various risk factors

204

The Minor forms of heart disease with Lyme borreliosis

208

Fournier's Gangrene in women: a case report

214

Diagnostics of colon serrated adenoma

226

Infectious agents as a possible trigger factors in the development of juvenile idiopathic arthritis

227

The potential role of Epstein-Barr virus infection in the pathogenesis of juvenile idiopathic arthritis.

229

Morphological bases of the diagnostics of maxillary sinuses pathologies

231

Peculiarities of Meningococcal infection in Ukraine: Lviv Region (2011 - 2014)

232

Family carnitine - dependent cardiomyopathy. Clinical case.

262

Stochastic resonance as relatively simple but succesful way of training nuero-muscular coordination

276

En-bloc resection of a local recurrence of retroperitoneal liposarcoma: Case Report

277

The effect of simulation based BLS teaching for the resuscitation skills of medical students

282

Severe pneumococcal pneumonia following Measles- Mumps- Rubella vaccination

287

Difficult rubbish which are easy to take out

309

Masked Hypertension – Novel Important Clinical Issue in Hypertensiology: Prevalence Meta-Analysis

310

Concept map for Alzheimer's disease

317

Dehydration among elderly people

318

Impact of different methods of bariatric surgery on metabolic parameters of the patient

322

Incidental tubal endometrioid adenocarcinoma – case report

325

Investigation of Psychiatric Condition in Organ Transplantation

326

FEMALE INFERTILITY: A PSYCHOLOGICAL PROFILE

332

TREATMENT OF DESTRUCTIVE PULMONARY TUBERCULOSIS IN MODERN CONDITIONS

346

INFLUENCE OF LIFESTYLE ON THE REPRODUCTIVE SYSTEM OF GIRLS

349

The level of plasma homocysteine and lipid profile parameters in patients with nonalcoholic fatty liver disease according to body mass index.

351

PECULIARITIES OF THE CELL IMMUNITY COMPONENT IN THE CHILDREN SUFFERING FROM MIXED-VERSION OF ROTAVIRUS INFECTION

357

IMPACT OF LEFT VENTRICULAR OBSTRUCTION ON CLINICAL SYMPTOMS OF PATIENTS WITH HYPERTROPHIC CARDIOMYOPATHY

366

How quality of life changes after treatment of limb spasticity with botulinum toxin?

373

THE ULTRASTRUCTURES OF NEURONS OF E2 HISTAMINERGIC NUCLEUS AFTER 30-MINUTE SUBTOTAL CEREBRAL ISCHEMIA AND FOLLOWING REPERFUSION

374

STUDY OF ARTERIES STIFFNESS PARAMETERS IN PATIENTS WITH OBESITY AND NON-ALCOHOLIC STEATOHEPATITIS

377

Abnormalities of placentation in pregnancy with previous Caesarean Section, after normal delivery and with first birth

380

Peculiarities of vegetative support at patients with pneumonia

387

Effective treatment of destructive forms of pulmonary tuberculosis with risk factors

389

Normalizing effect of antioxidant dibunol to the reactive changes of perikaryon sensory neurons after sciatic nerve exposure

393

DEPRESSIVE-ANXIETY AND ASTHENIC DISORDERS IN PATIENTS DURING THE EARLY REHABILITATION PERIOD OF STROKE

399

Glutathione S-transferase O2 and oxidative damage among haemodialysis patients

400

Treatment of abscesses and purulent wounds of soft tissues by using carbon absorbent drainage device

403

Vertical transmission of hepatitis C, diagnostic and therapeutic tactics in the comparison within a period of 10 years in Latvia (VSIA BKUS)

405

THE INFLUENCE OF TOBACCO SMOKE ON THE RESPIRATORY TRACT OF LABORATORY MICE

406

Riga Eastern Clinical University Hospital inpatient „Gaiļezers” treated in septic patients clinical course and pfarmaco-economic analysis

408

The disorders of sexual differentiation in child with bilateral cryptorchidism

409

Rational therapy of patients with delayed psychoverbal development
